Welcome to the Why Workshop

Thank you for signing up for this adventure.

This compassionate and creative school of thought challenges the acceptance of the status quo around life and work.

More than a playbook, Frankly Human design is a unique philosophy that creates the conditions for clarity, prioritisation, growth and resilience to make good things happen in life, work, and business.

Here's to compassionate design for a brave, bold and brilliant life.

The Workshop

- 90 minutes of recorded content
- 10 design mindsets to explore in your life built around story and real life experiences
- Simple, repeatable practices to define and refine your personal values and purpose statement to focus on living an aligned and fulfilling life
- Downloadable workbook to print as many times as you want
- Miro workspace available for developing your purpose digitally

The Community
